ALCOHOL POISONING

Symptoms:

- Passed out and cannot be awaken
- Vomiting while passed out
- Cold, clammy, or bluish/grey skin
- Slowed or irregular breathing

CALL 911
If you see ANY of these symptoms

ALCOHOL POISONING IS A MEDICAL EMERGENCY

Follow these steps to help someone who may have alcohol poisoning:

- CALL 911
- Place the person on their side
- Don’t leave the person alone
- DO NOT let them “sleep it off” or put them in a cold shower or give them liquids, foods, or drugs
